#### MUNICIPAL BY-LAWS.

##### CORPORATION OF THE DISTRICT OF SURREY.

BY-LAW No. 445.

A By-law to provide for draining that Portion of Section 29 lying East of the Serpentine River, and the North Half of the North Half of Section 20 and the South-west Quarter of Section 28, all lying in Township 8, New Westminster District, in the Municipality of Surrey.

Provisionally adopted on the 18th day of July, 1932.

WHEREAS a majority in number and value of the owners, as shown by the last revised assessment roll, of the property hereinafter set forth to be benefited by the drainage have petitioned the Council of the District of Surrey, praying that the said Council take such steps as may be necessary under the provisions of the "Municipal Act" to construct a drainage-ditch commencing on the Railway Road and continuing along the Livingstone Road through the South-east and South-west Quarters of Section 29, Township 8, to the Serpentine River; and, further, that the cost thereof be assessed and levied upon the lands to be benefited by such work:

And whereas thereupon the said Council procured an examination to be made by D. J. McGugan, B.C.L.S., being a person competent for such purpose, of the locality proposed to be drained, and has also procured plans and estimates of the work to be made by the said D. J. McGugan, and an assessment to be made by him of the lands and roads to be benefited by such drainage, stating as nearly as he can the proportion of benefit which, in his opinion, will be derived in consequence of such drainage by every lot or portion of a lot, the assessment so made being the assessment hereinafter by this by-law enacted to be assessed and levied upon the lots and parts of lots hereinafter in that behalf specially set forth and described; and the report of the said D. J. McGugan in respect thereof and of the said drainage being as follows:—

NEW WESTMINSTER, B.C.,  
July 16th, 1932.

John G. Farmer, Esq., C.M.C.,  
*Corporation of Surrey,*  
Cloverdale, B.C.

DEAR SIR,—In accordance with your instructions, we have made surveys and have taken comprehensive levels of the area benefited by the proposed Livingstone Ditch, and beg to report as follows:—

The location of this ditch has been chosen with the object of intercepting as much as possible the water coming from two large streams in the East Half of Section 28, turning it by a more direct road to its outlet, and thus relieving the owners of the North Half of Section 20 from considerable flooding during the spring. In order to accomplish this it is necessary to dig the new ditch about 1 foot deeper than the Railway Ditch at their junction, to give the water as free and easy access to the new ditch as possible, and give the new ditch as high a grade as possible in order to draw away the water from this point.

This ditch is also of particular and outstanding benefit to the area immediately adjacent to it. It has a good fall and should place all these properties in such shape that profitable cultivation is possible.

We feel that the construction of this ditch will be of great benefit to all the parties concerned, and would recommend to you that its construction be carried out.

Awaiting your further commands, we are,

Your obedient servants,

BURNETT & MCGUGAN,  
Per D. J. MCGUGAN.
